BEFORE YOU ARRIVE

CONSIDER YOUR FINANCES

An apprenticeship lets you gain industry experience and earn a qualification while receiving a salary, just like any other employee. Your employer and the government will cover any tuition fees for your apprenticeship, allowing you to graduate debt-free.

Since an apprenticeship is like a real job, you won't be eligible for student loans. You will still need to manage your daily expenses, such as living costs, housing, and travel, on your own.

The [Money and Finance](#) section of Ask4Help Online in your Student Portal contains lots of helpful information about managing your money. To access specialist support, please submit an enquiry via the article [Accessing support and resources to manage your Money](#).

ACCESSIBILITY SUPPORT

We recognise that every student's journey is unique and we are proud of and committed to supporting our diverse community.

If you have accessibility requirements, we are here to provide you with advice, guidance and support to ensure you have a positive experience and achieve your full potential whilst studying at Northumbria.

We have a range of specialist staff who will work with you, your academic department and central services, to recommend and put in place available support and adjustments. You can find out more by browsing the **Support and Wellbeing** section of Ask4Help Online on your Student Portal.

During the University application process, you will have been asked about your support requirements. You will be asked again during the enrolment task. However, you can contact us at any point in your student journey to request support or make changes to your requirements through **Ask4Help Online** on your Student Portal.
