DAY TO DAY LIFE

The British Council have created a free online course **Prepare to Study and Live in the UK** to help you get ready for life in the UK.

They also have a free course specifically about mental health and wellbeing **Managing Your Wellbeing When Studying in the UK**.

We've also highlighted a few topics below that we think you'll find useful:

WHAT WILL THE WEATHER BE LIKE IN NEWCASTLE?

Newcastle has cold, rainy winters and mild, relatively rainy summers. Weather can be unpredictable, and you may experience four seasons in one day.

Winter days are short with daylight from around 8am to 4pm. The weather is cloudy, humid, and windy, with frequent rain and occasional snow. The coldest nights can drop to -7°C (19°F).

Summers are mild or cool, with highs of around 19°C (66°F). Heatwaves rarely reach Newcastle. Days are long with daylight from around 5am to 9pm.

In winter you will need:

- A warm waterproof coat
- Warm waterproof shoes or boots
- Scarf, hat and gloves
- An umbrella

In summer you will need

- A light jacket or raincoat
- An umbrella
- Sunscreen
- Sunglasses

Check the current weather forecast.

WHAT ARE THE RULES AROUND SMOKING AND VAPING?

In the UK, **smoking is prohibited in all enclosed workplaces, public buildings, and on public transport.**

On Campus, smoking, including the use of electronic cigarettes or vapes, is not permitted in any part of the premises with the exception of the designated smoking shelters.

CAN I DRIVE IN THE UK?

Newcastle is a compact city, so it is easy to get around on foot or by public transport. It is also ideally situated to visit many sights in the UK by train and coach, so driving a car is not a necessity.

If you do plan to drive in the UK you will need to consider many factors such as insurance, tax and an MOT for your vehicle, as well as whether your licence is valid in the UK. For more information please see the **UK Council for International Student Affairs (UKCISA)**.

CAN I DRINK THE WATER?

Yes! Tap water in the UK is among the best in the world and is the most popular drink for people at home.

There are water fountains located around campus for you to use.

WHERE CAN I GET FURTHER SUPPORT?

You can get specialist advice from the University about moving to the UK through **Ask4Help Online** on your Student Portal. If you do not have access to your Student Portal please use the **contact form**.

You can also contact the Students' Union **advice centre**.

Please see the article Opening a UK bank account and requesting a bank letter in Ask4Help Online on your Student Portal for further information. Most UK banks offer student bank accounts. It will be worth looking round for one which has the best rates on international transfers.

Check with your landlord as some bills may be included in the price of your rent. Please see the article Getting started at Newcastle Campus in Ask4Help Online on your Student Portal for further information and guidance.

TRANSPORT AND FINDING YOUR WAY AROUND

LOCAL TRAVEL

The preferred methods of public transport in Newcastle are bus and Metro. You can purchase a travel card for both through most travel operators to save money, especially if you are going to be making multiple journeys.

If you're paying for individual journeys by bus, the conductor must be paid in either cash or by card before you sit down. With **Metro**, you can buy a ticket from the station via the ticket machines.

Travelling on Stagecoach Buses? Buy a **Uni Rider pass** which can help you save money.

If you're using the Metro, you can get a **student Pop Card** which will give you discounts on travel.

You can also buy a **Network One ticket for Students and Young People**. This covers you on both the bus and metro.

Be sure to shop around to find out which travel pass is right for you.

NATIONAL TRAVEL

If you are in the UK for the first time, you'll probably want to visit a few different cities and sights while you're here.

Your two main options here are coach or train. Trains are often the quickest and most comfortable way to get around the UK. However, tickets should be booked as early as possible to save money - usually around three months in advance to get the best deals. You'll probably also want to invest in a 16-25 Railcard, which will save you a third on all rail fares!

Newcastle is a compact city with road and rail connections to towns and villages across the north east. Plan your journey to campus using the links below:

- [On foot](#)
