ACP MASTERCLASSES

Multi-professional advanced practitioner workplace supervision

These events are part of a suite of masterclasses aimed at Qualified Advanced Practitioners working across multiple specialities within the North East, North Cumbria & Yorkshire region that are kindly funded by NHS England North East & Yorkshire Advancing Practice Faculty.

Provisional topics to include:

- An overview of clinical supervision models used for registered healthcare professionals
- Principles and requirements of multi-professional advanced practitioner workplace supervision
- Identifying the differing roles of a supervisory team in the advanced practitioner context
- Identify your own learning needs as a workplace supervisor
- Overview of the training and development available for workplace supervisors
- Providing constructive and supportive feedback
- Supporting trainee and qualified advanced practitioner experiencing challenges
- The supervision cookbook: bring your own recipes to the table!

FRI 7TH FEB 2025

09:30 - 16:30
