

BA(Hons) 3D Design: Furniture and Product

Equipment list

**Northumbria
University**
NEWCASTLE

As 3D Design students, you will require equipment for both 2D and 3D work.

Below is a list of items that you will need from the start of your first year.

Where specific brands/models have been identified, these are strongly recommended as they offer significantly better performance and/or value than alternatives.

If you have any queries about any of the items, please don't rush into buying them and ask a tutor at your induction. We'll look forward to seeing you there!

- A3 layout paper pad
- A4 sketch pad, with smooth paper suitable for sketching with a pen (i.e. not a course, cartridge-type paper)
- A3 cutting mat
- Swann Morton retractable scalpel handle (no. 2806)
- Multipack of Swann Morton scalpel blades, type 10A
- 30cm or 40cm ruler, suitable for measuring and cutting along (either like a 'GraphicPro' aluminium cutting rule, or an 'Axminster' stainless steel rule)
- 25mm wide 3M Scotch masking tape
- 12mm wide Sellotape double-sided tape
- Pritt Stick 20g glue stick
- A compass (for drawing circles)
- A protractor
- HB pencils
- Black Bic biro pens
- A pencil sharpener
- 3-metre retractable tape measure
