

Film and TV Production

Task

We would like you to sign up for a month's free subscription with Mubi.com (after a month it is £5.99 per month for students if you want to continue, though you are not obliged to). On the site you will find a wealth of varied and interesting films from all around the world. Each day a new film comes onto the Mubi site, whilst another is taken off. So, you will get the opportunity to see up to 30 films.

We would invite you to find a film that isn't either British or American and write a 100-word review. What did you like about the film and what didn't you like? Make sure you include the title of the film, the director's name, and year it was made. Bring this along with you during the induction weeks in September, and we'll discuss your ideas!
