SUBJECT CHALLENGE FOR SOCIAL WORK

We are so pleased you have chosen to study social work at Northumbria University. We are looking forward to welcoming you to our programme in September and are really looking forward to getting to know you.

Meantime we would like to set you a challenge that will get you thinking about social work and what inspires you!

So, we want you to find out more regarding a **social issue** that is about social justice/injustice – it can be anything that makes you feel passionate about people's rights, about how people are privileged or disadvantaged in society and what you could do as a social worker to effect change?

At the induction you will be invited to share what you now know about this issue and your ideas about social justice – we are looking forward to learning from you about what inspires you!
