

Geography & Environmental Studies Modules for 2019/2020

Module Code	Module Name	S1/S2/YL	Level	UK Credits	Previous knowledge/skills/background required for applicants?	Other module details which applicants should be aware of:
KE5000	Research and Fieldwork in Physical Geography: Overseas	YL ONLY	5	20	Some physical geography background advantageous	Cost of travel for international fieldtrip in January, need visa for travel to Spain/Tenerife
KE5001	Integrated Landscapes: From Karsts to Coasts	YL ONLY	5	20	One or more year study of physical geography	
KE5002	Cold and Palaeoenvironments	YL ONLY	5	20	One or more year study of physical geography	
KE5003	Meteorology and Oceanography	YL ONLY	5	20	One or more year study of physical geography	
KE5004	Human Geography in the field (Andalucia)	YL ONLY	5	20		Cost of travel for international fieldtrip in April, need visa for travel to Spain
KE5005	Approaches to Research in Human Geography	YL ONLY	5	20	Some human geography background advantageous	
KE5006	P/political Geographies	YL ONLY	5	20		
KE5007	Social Geographies	YL ONLY	5	20		
KE5008	Economic Geography	YL ONLY	5	20		
KE5009	Environmental Research and Fieldwork: Overseas	YL ONLY	5	20		Cost of travel for international fieldtrip in January, need visa for travel to Spain/Tenerife

Geography & Environmental Studies Modules for 2019/2020

KE5010	Sustainable Rural Land Management	YL ONLY	5	20	Knowledge or environment and/or sustainability useful	
KE5011	Environmental Policy and Regulation	YL ONLY	5	20	None	
KE5012	Urban Environmental Issues	YL ONLY	5	20	None	
KE5013	Environmental Monitoring and Control	YL ONLY	5	20	Some background in chemistry and biology	S1 focuses on air and water pollution, S2 on soils
KE5014	Fundamentals of Ecology	YL ONLY	5	20	None	
KE5017	Earth Observation and GIS	YL ONLY	5	20	Some knowledge of GIS advantageous	Semester 1 is Remote Sensing, Semester 2 is on GIS
KE5021	Applied Geosciences	YL ONLY	5	20	Some knowledge of geology or physical geography is useful	
KE5025	Landscape Surveying	YL ONLY	5	20	Prior Geography needed before approval	
KE6000	Geography and Environment Dissertation	YL ONLY	6	40 YL	Some human or physical geography background advantageous	Dissertation topic to be agreed with Department prior to arrival
KE6001	Cold Landscapes	S2	6	20	Physical geography background	
KE6002	Modelling, Computation and Data Manipulation	S1	6	20	Physical geography background, some awareness in computer modelling useful	

Geography & Environmental Studies Modules for 2019/2020

KE6003	Palaeoecology and Biogeography	YL ONLY	6	20	Beneficial to have some knowledge of ecology and/or past environments, useful to have some experience in using microscopes	
KE6005	Geographies of (P)leisure, Tolerance and Disgust (Amsterdam)	S1	6	20	Some human geography at level 4 or 5	Cost for international fieldtrip to Amsterdam, may need visa for travel to Holland
KE6007	Geographies of 'race', ethnicity and multicultural	S2	6	20	Some human geography at level 4 or 5	
KE6009	Critical Economic Development Studies	S1	6	20	Some human geography at level 4 or 5	
KE6010	Environmental Engagement	YL ONLY	6	20	Understanding of environmental policy and sustainability	
KE6012	Sustainable Resource Management	YL ONLY	6	20		
KE6013	Environmental Pollution	YL ONLY	6	20		S1 focuses on air and water pollution, S2 on soils
KE6016	Geophotography	YL ONLY	6	20	None	
KE6017	Development and Disasters	YL ONLY	6	20	None	
KE6018	Advanced Geospatial Applications	YL ONLY	6	20	Some background in GIS and or Remote Sensing beneficial	

Geography & Environmental Studies Modules for 2019/2020

KE6019	Public Health and Occupational Safety	YL ONLY	6	20	Some background in environmental policy, law or health related issues	
KE6023	Applied Ecology and Conservation management	YL	6	20	Background in ecology	
KE6024	Critical Urban Geographies	YL	6	20	Some human geography at level 4 or 5	
KE6040	Housing space and society	YL	6	20	Some human geography at level 4 or 5
