

## Year Long Geography & Environmental Sciences Modules

These year-long modules are only available to year-long exchange students.

Module Code	Module Name	Level	UK Credits	ECTS	Prerequisites	Other module details which applicants should be aware of:
KE5000	Research and Fieldwork in Physical Geography: Overseas	5	20	10	Some physical geography background advantageous	Cost of travel for international fieldtrip in January, need visa for travel to Spain/Tenerife
KE5002	Cold and Palaeoenvironments	5	20	10	One or more year study of physical geography	
KE5003	Meteorology and Oceanography	5	20	10	One or more year study of physical geography	
KE5004	Human Geography in the field (Andalucia)	5	20	10	Some human geography background advantageous	Cost of travel for international fieldtrip in April, need visa for travel to Spain
KE5005	Approaches to Research in Human Geography	5	20	10	Some human geography background advantageous	
KE5006	P/political Geographies	5	20	10	Some human geography background advantageous	
KE5007	Social Geographies	5	20	10		
KE5008	Economic Geography	5	20	10	Some human geography background advantageous	
KE5009	Environmental Research and Fieldwork: Overseas	5	20	10		Cost of travel for international fieldtrip in January, need visa for travel to Spain/Tenerife
KE5010	Sustainable Rural Land Management	5	20	10	Knowledge or environment and/or sustainability useful	
KE5011	Environmental Policy and Regulation	5	20	10	None	

### Year Long Geography & Environmental Sciences Modules

KE5012	Urban Environmental Issues	5	20	10	None	
KE5013	Environmental Monitoring and Control	5	20	10	Some background in chemistry and biology	S1 focuses on air and water pollution, S2 on soils
KE5014	Fundamentals of Ecology	5	20	10	None	
KE5017	Earth Observation and GIS	5	20	10	Some knowledge of GIS advantageous	Semester 1 is Remote Sensing, Semester 2 is on GIS
KE5021	Applied Geosciences	5	20	10	Some knowledge of geology or physical geography is useful	
KE5028	Coastal Monitoring and Management	5	20	10	One or more year study of physical geography	
KE6000	Geography and Environment Dissertation	6	40 YL	10	Some human or physical geography background advantageous	Dissertation topic to be agreed with Department prior to arrival
KE6003	Palaeoecology and Biogeography	6	20	10	Beneficial to have some knowledge of ecology and/or past environments, useful to have some experience in using microscopes	
KE6010	Environmental Engagement	6	20	10	Understanding of environmental policy and sustainability	
KE6013	Environmental Pollution	6	20	10		S1 focuses on air and water pollution, S2 on soils
KE6017	Development and Disasters	6	20	10	None	
KE6018	Advanced Geospatial Applications	6	20	10	Some background in GIS and or Remote Sensing beneficial	
KE6019	Public Health and Occupational Safety	6	20	10	Some background in environmental policy, law or health related issues	

### Year Long Geography & Environmental Sciences Modules

KE6023	Applied Ecology and Conservation management	6	20	10	Background in ecology	
KE6024	Critical Urban Geographies	6	20	10	Some human geography at level 4 or 5	
KE6040	Housing space and society	6	20	10	Some human geography at level 4 or 5	

## Year Long Geography & Environmental Sciences Modules

KE6003	Palaeoecology and Biogeography	YL ONLY	6	20	Beneficial to have some knowledge of ecology and/or past environments, useful to have some experience in using microscopes	
KE6010	Environmental Engagement	YL ONLY	6	20	Understanding of environmental policy and sustainability	
KE6013	Environmental Pollution	YL ONLY	6	20		S1 focuses on air and water pollution, S2 on soils
KE6017	Development and Disasters	YL ONLY	6	20	None	
KE6018	Advanced Geospatial Applications	YL ONLY	6	20	Some background in GIS and or Remote Sensing beneficial	

### Year Long Geography & Environmental Sciences Modules

KE6019	Public Health and Occupational Safety	YL ONLY	6	20	Some background in environmental policy, law or health related issues	
KE6023	Applied Ecology and Conservation management	YL	6	20	Background in ecology	
KE6024	Critical Urban Geographies	YL	6	20	Some human geography at level 4 or 5	
KE6040	Housing space and society	YL	6	20	Some human geography at level 4 or 5
