1. **Introduction to ARC-WEB**

1.1 What is ARC-WEB?  
ARC-WEB is a web-based system that enables students to obtain details about their placement allocations and evaluate their placements online.

ARC-WEB or even ‘ARC’ is not an abbreviation for anything. It is simply the name of the system/software.

Data collected and displayed in ARC WEB is stored on an externally-hosted web server (within the EU) which is maintained by ARC Technology Ltd.

1.2 Can all students access ARC-WEB?  
Currently, Pre-Registration Health Nursing, Midwifery and Operating Department Practitioner, Occupational Therapy, Physiotherapy, Social Work and Joint Honours students can access ARC-WEB. Plans are underway to roll this out to Education students also.

1.3 How do I log-in to ARC-WEB?  
Full instructions are provided on page 5. **ARC-WEB is accessible only via Northumbria University’s Student Portal.** ARC-WEB allows students to access placement information (allocation, placement area contact address and telephone number, etc) from any internet-connected computer and provides students with their own personal placement record.

If you happen to experience any difficulties logging-in to ARC-WEB, you will be guided through what actions to take via helpful screen prompts.

1.4 How does it work?  
You will receive an initial email advising you to log-in to the system for the first time to obtain details of your forthcoming placement allocation. In order to access details of the next placement allocation, you will need to complete an online evaluation of your current/last placement. Once you have evaluated your current/last placement, ARC-WEB will automatically allow you to view details of your forthcoming placement allocation.  

*For further information about the evaluation process, please see section 7.*
**Important Notice:** Whilst we make every effort not to make any changes once placements have been allocated, sometimes changes are unavoidable. We strongly encourage all our students to keep a regular check of their placement allocation in the weeks and days running up to their placement commencement date to ensure they are aware of any changes that may occur. Notification e-mails will be sent to the University e-mail addresses of all students whose allocation is changed in the run-up to a placement.

1.5 How do I evaluate my Placement online?

Please follow the instructions in section 7 of this User Guide.

1.6 What happens with my evaluation data?

In order for us to monitor and improve the quality of placements, the information you provide in your on-line placement evaluation questionnaire is used to produce anonymised reports for academic colleagues, partner placement providers and external organisations. You should note therefore that the information you provide may be shared and we would respectfully remind you to take this into consideration when making comment about individual members of staff or identifying specific placement areas.

All information entered on the system will be collected and managed in accordance with Northumbria University Data Protection Notification and under the terms outlined within the Handbook of Student Regulations.

1.7 What if I have a query about my placement?

As always, we advise you to contact your Guidance Tutor or Programme Leader for advice. Further general information on placements for students can be found within the Placements Handbook, available from the following web page: [https://www.northumbria.ac.uk/sd/academic/sches/programmes/placements/pre-reg_info_for_students_and_mentors/phad/](https://www.northumbria.ac.uk/sd/academic/sches/programmes/placements/pre-reg_info_for_students_and_mentors/phad/).
2. How to Log-in to ARC-WEB

2.1 Open up Internet Explorer (or any other alternative browser) as normal.

2.2 Go to the main Northumbria University website – www.northumbria.ac.uk. Navigate to the ‘student portal’ link at the bottom of the main page within the ‘useful links’ section:

2.3 You may need to log-in here – if you do, use your standard university log-in details. Type ‘placements’ in the search-bar at the top of the page and hit enter:

2.4 A list of results will be displayed – click on the first one – ‘MyPlacements’:
2.5 You will be taken to a new page displaying a number of icons – ignore these icons (which only relate to students completing year-long sandwich placements on programmes other than health, education and social-work) and instead select the final option on the menu situated on the left-hand side of the page:

2.6 A new page will open – you should see one option ‘placements, evaluations & TAPP’ – click the orange button:
2.7 Once you have successfully logged in, you should see a screen similar to the one below. This is your own personal placement record, with all your details. **We will come back to this screen later on** (see section 4, 'The Home Screen').

7. **How to Evaluate your Placement**

7.1 All users of ARC-WEB are required to evaluate their placement before details of their next placement allocation can be revealed by the system. When you need to evaluate depends on whether your programme includes hub/spoke or split placements:

7.1.1 Students whose programme includes hub/spoke placements should **NOT** evaluate their hub or spoke placements until they have completed their last day in practice at their hub venue.

7.1.2 Students whose programme includes a split placement should **NOT** evaluate their split placement until they have completed their last day in practice at that particular venue.

7.1.3 **Owing to the manner in which the system operates, students with hub/spoke or split placements may receive an automated e-mail prompting them to complete an evaluation for their hub or split placement after completing only the first portion of that placement – please ignore any such requests. You will receive a further e-mail prompt after you have completed your final placement experience at your hub/split placement; please evaluate at this point.**

7.2 To evaluate your placement, log-in to ARC-WEB as usual, following steps contained in section 2 of this User Guide.

Click on ‘Allocations’ in the menu bar to bring up your placement allocations:
