Access to Learning and Teaching Survey

You will periodically be invited to complete Learning and Teaching Surveys in relation to your modules, programme or your experience at Northumbria University.

Surveys give you the opportunity to make your voice heard, and providing feedback on your module helps us to understand what is working well and what we can do better or differently. Northumbria University Surveys can be access via Blackboard as follows:

1. To access Blackboard, open Google chrome and go to [https://elp.northumbria.ac.uk](https://elp.northumbria.ac.uk)

2. Select Modules and Programmes Menu

3. Select a Module to open it

4. Select Reading Lists and Tools

5. The right hand panel opens

6. Select Learning and Teaching Surveys

7. Now select your survey.
