What is the application Journey?

What should be in my Digital Portfolio?

For Year 1 entry, your Digital Portfolio should consist of 15 pages, showing the following:

Page 1 — A 300 word supporting Portfolio Statement. This Portfolio Statement is different to the personal statement in your UCAS application.

We are interested in what inspires you, who inspires you and how you communicate that enthusiasm through your statement and your work. Which designers and artists are you looking at and referencing? Who, or what, has inspired you to choose Graphic Design?

Give consideration to how you describe your work and communicate the ideas behind the projects. What are the key elements of the projects that you consider to be the most successful?

You can use the Portfolio Statement and your UCAS personal statement to demonstrate your personal attributes in these areas.

What should be in my Digital Portfolio? (cont)

Your Digital Portfolio should consist of 15 pages, showing the following:

Pages 2 to 12 — Show examples of your college/school work from their starting points, as initial concepts and ideas, through their development to your final outcomes/pieces. It is important that these pages demonstrate both your ability to generate and develop ideas, alongside your practical skills and how you explore and use different media and materials.

As a guide, you could include three or four pieces of work in this section. For each project you need to show initial ideas, development work and final pieces, which could be shown as photographs of your sketchbooks, preparatory drawings/sketches and final outcome/pieces.

These can be evidenced in a variety of ways which could include drawing/painting (analytical/abstract), 2D/3D work, photography/CAD etc.

Note - You can arrange the images in whichever way you feel tells the story of a project in the most effective way. You could have one image on a slide, or several small images could be grouped together in one slide.

What should be in my Digital Portfolio? (cont)

Your Digital Portfolio should consist of 15 pages, showing the following:

Pages 13 to 15 — Show some of your personal work. We want students who are excited by Graphic Design and are engaged in the world around them. We want to see some independently generated work, i.e. self directed work which you have produced outside your current school/college/other course curriculum which demonstrates your own personal interests.

These pages should be made up of your own work, we don't want to see lots of secondary source material. Any work that is not your creation should be clearly labelled/captioned with the appropriate credit/citation.

(Note - For Year 2 or 3 entry, UK and International students may need to provide an enhanced portfolio. Details will be given on receipt of your application)

It should include **your name** clearly on the **first page with you personal statement**.

Ensure that the pages of the pdf are in the correct order and orientation to best tell the story of your projects.
