International Training Week 2022

The Future of Employability and
Global Careers

Welcome

We are delighted that you can participate in our in-person International Training Week 2022: The Future of Employability and Global Careers. We would like to welcome you warmly to our three-day hybrid event, which will include a Study Abroad fair at our Newcastle Campus and an online event.

Our training week will explore ways to adapt to an ever-changing landscape of employability from an internationalisation perspective and acquire tools to implement at the participants' own institutions. The ITW programme will include interesting sessions on the concept of **Global Graduates** and how degree-plus opportunities can support them; Widening Participation and the Turing Scheme; relationships with employers; and risk management for International Mobility.

We hope you enjoy our event and learn from colleagues and experts in the field of Careers and International Mobility.

The International Mobility Team

Northumbria is a research-rich, business-focused, professional university with a global reputation for academic excellence. It is based in the heart of Newcastle upon Tyne, which is regularly voted the best place in the UK for students. The University has its origins in the Rutherford College, founded in 1880. Today, by putting students at the heart of an outstanding experience, and with world leading research and award-winning partnerships, Northumbria is a new kind of excellent university.
