Student Transfer Arrangements

Northumbria University provides proactive and personalised support, advice and guidance for students who are considering – or choose to – transfer programme. We offer this support, advice and guidance whether you are:

- currently studying with a different higher education provider, and are considering transferring to a Northumbria programme
- currently a Northumbria University student, and are considering transferring to a different programme within the University
- currently a Northumbria University student, and are considering transferring to a programme at a different higher education provider

Whether you are a prospective or current student, we can provide advice on which programme(s) may be right for you, what qualifications you need for entry, and the financial implications of transferring programme.

If you are currently studying with another HE provider, please contact our admissions team via bc.applicantservices@northumbria.ac.uk for initial advice and guidance. The University welcomes applications from those with previous academic credit. Information on how the University recognises prior learning and credits from other HE providers can be found [here](#)

Please note that you may only be able to transfer at certain points in the academic calendar or at certain points in a particular programme, but our Applicant Services team will be able to advise you.

You can read the University's full admissions policy [here](#)

Our Welfare Immigration and Funding team (WIFT) provide financial advice and guidance support to prospective students. Advice and guidance can be provided by email, phone or face to face. Useful guidance leaflets available [here](#)

Prospective Students can contact the WIFT team via email on sv.welfareandinternational@northumbria.ac.uk or by telephone on: +44 (0) 191 227 4127

If you are currently studying at Northumbria, and thinking about transferring within Northumbria or to another HE provider, please contact our Student Transition Team via your Student Portal for initial advice and guidance. The team will provide advice and guidance, case manage transfer requests, and refer you for the appropriate financial advice from the Welfare Immigration and Funding team (WIFT).

You can access information about transferring programme on your student portal [here](#).

Useful guidance leaflets are also available [here](#).

If you are struggling on your programme or are concerned about whether your current programme is right for you, please contact Ask4Help either in person at any Student Central location, via your

student portal or by telephone on +44 (0)191 227 4646. You will then be referred to the right team to give you advice and guidance about getting back on track, and the options available to you.

If you do decide to transfer to another higher education provider, you may be eligible for a lower award or academic credit, based on your studies with us. If you wish to enquire about this, please contact Ask4Help as above. If you do make a request to transfer, the Student Transition team will also help you with this process.
