# Student Transfer Arrangements

Northumbria University provides proactive and personalised support, advice and guidance for students who are considering – or choose to – transfer programme. We offer this support, advice and guidance whether you are:

- currently studying with a different higher education provider, and are considering transferring to a Northumbria programme
- currently a Northumbria University student, and are considering transferring to a different programme within the University
- currently a Northumbria University student, and are considering transferring to a programme at a different higher education provider

Whether you are a prospective or current student, we can provide advice on which programmes may be right for you, what qualifications you need for entry, and the financial implications of transferring programme.

**If you are currently studying with another higher education provider**, guidance on How to Apply and further information can be found on our [Admissions Hub](#).

If you would like to speak to a member of our Applicant Services Team, please complete our [Contact Form](#) for initial advice.

The University welcomes applications from those with previous academic credit. Information on how the University recognises prior learning and credits from other higher education (HE) providers can be found in our [Recognition of Prior Learning \(RPL\) and HE Credit Framework](#).

Please note that you may only be able to transfer at certain points in the academic calendar or at certain points in a particular programme. Our Applicant Services team will be able to advise you if this is the case.

You can read the University's full Applicant Terms and Conditions and Policies [on our website](#).

Our Student Advice and Support Team provides financial advice and guidance to prospective students. Useful information can be found on the [Financial Support pages](#) of our website or you can contact the team via [this contact form](#) or by telephone on +44 (0) 191 227 4127.

**If you are currently studying at Northumbria** and are thinking about transferring either to another programme at Northumbria or to another higher education provider, advice and support is available from our Student Success Team via the following article on the Student Portal: [Thinking about changing course \(transfer\), taking time out \(interruption\), or leaving the University \(withdrawal\)](#). The team will provide advice and guidance, refer you to key university services as needed, manage any transfer requests and refer you to the appropriate specialist financial advice.

You can also contact Ask4Help in person at any Student Central location, via your [Student Portal](#) or by phone on +44 (0)191 227 4646.

If you do decide to transfer to another higher education provider, you may be eligible for a lower award or academic credit, based on your studies with us. If you wish to enquire about this, please contact Ask4Help as above.
