Role of University Executive

In practice, University Executive will consider and shape the vast majority of the activities covered in the Scheme of Delegated Authority. However, as noted in Governance Regulation 5.2e, it does not have formal decision-making powers itself, but has exclusive usage in

application to the executive management group of the University, which is an advisory body to the Vice-Chancellor and Chief Executive. The University Executive enacts decisions through the delegated authority of its members and therefore, when it appears in the formal delegations set out in the Scheme, this is as an advisory body to the Vice-Chancellor and Chief Executive, with the UE lead with authority for each activity noted in that column.

Effective Date and Review of the Scheme

This Scheme of Delegated Authority was endorsed by Audit Committee on 2 June 2025 and approved by Board of Governors on 30 June 2025 and shall come into operation on 1 August 2025. The Scheme will be reviewed annually, with the outcomes of the review and any required changes reported to the May/June meetings of Audit Committee and Board of Governors. Urgent in-year changes will be endorsed by Audit Committee and approved by Board of Governors as required subject to the provisions of Governance Regulations 6.7 (Determining Decisions) and 6.10 (Transacting Business Outside Formal Meetings – Written Resolutions and Chair’s Action).
